3.1 Call To Order – 11:07am

3.2 Introductions - Self-Introductions were made.

Vice Chair welcomed new members.

3.3 & 3.4 Agenda Review, Additions & Adoption

- Moved by Duane, Seconded by Susan. - CARRIED.

3.5 & 3.6 Review/Adoption of Minutes of Previous Meeting

- Moved by Susan, Seconded by Diane. - CARRIED.

3.7 – Educational Component – Bernal Ulsifer– Past President of ACSA Board of Directors **PowerPoint presentation is available through Dorothy and it describes the Governance and board changes that have happened to this point and the planning process for the future board of directors. Bernal was able to give this information from his previous position as the President during these changes.**

3.8. New Business

3.8.1 - Welcome New Members

3.8.2. – CVSA’s 2016 International Roadcheck Three-Day Enforcement Campaign to Take Place June 7-9 with Special Emphasis on Tire Safety See attached alert

3.8.3 – Steps for Life – Promotions – Recruiting walkers and huge thank you from Duane, RM Brittiana for their donation to the silent auction table at Steps for Life. We would like to see everyone join us for this Saturday at Bud Miller Park! Registration opens at 9am.

3.8.4 – Treads for Life – Promotions – Recruit riders

June 18th 2016 Lethal Motorsports Yamaha is the venue. Join us for this 340km ride with a BBQ afterwards

*******Still looking for gift cards for prizes**

3.9 Old Business

3.9.1 - Sub Committee updates

Day of Mourning – 100+ attendees Lloydminster &

50 people in Bonnyville – First event went great!

NAOSH BBQ – 300+ attendees in total over 2 hours. The venue at the LCA was perfect! ATCO Electric provided the BBQ and cooks for this event. We were spread out along the building which was not an advantage to networking and plan to close that gap next year! The exposure to highway 16 was great! \$772.85 was raised for the Red Cross Ft Mac Relief fund! Way to go everyone!

Fire Extinguisher - 68 attendees. The 2 deputy chiefs were completing the training and we were very close to being a completely full for the classes.

Try A Trade – We had the static hazard assessment booth and we also had 2 interactive booths. We found that the students were more interested in the interactive booths than the hazard hunt but the entries we had were of excellent quality. Our entries went from 375 to 75. Schlumberger brought in some employees and a pump unit and the students were able to go on the unit and see how it worked. Lethal Motorsports brought in some recreational units and they were a hit, the most popular item was taking selfies with the units. Next year we plan to include a selfie booth and have some games instead of the static displays. The other interactive booth was provided by Cansafe and was a fall protection area that the students were able to learn/observe and help lift and lower each other in fall arrest. Overall great interactions and with 7 volunteers it went very smoothly.

Winners of Hazard Assessment gift cards are:

Cards picked up:

Jared French – Holy Rosary –Lloydminster, AB
Trisha Cook – Onion Lake, SK
Mike Koo – Paradise Hill, SK

Cards to be mailed out to schools:

Miarra Scvhlekeweg – St Walburg, SK
Darcy LaRocque – Ashmont, AB
Skylar Budden – Kitscoty, AB

3.10 ACSA Report – New PHISM course is available and the ePHISM course has been taken out to be revamped. There will be opportunities for some regional members to pilot courses in the future. ACSA are analyzing the advantage of the advertising province wide for the Day of Mourning.

3.11 SCSA Report – There were several awards given out through the SCSA and details are attached. There is a demonstration trailer available and if you are interested in having this then please contact Kerry directly.

3.12 WCB Report – Bernal gave a verbal report as there was not one send in.

3.13 Round Table Discussion – We are seeking the members to provide some direction on guest/educational speakers that we can have join us in the future.

3.14 Safety Conference Planning will start in July/August. If you are interested in sitting on this subcommittee, please contact Dorothy/Jennifer

3.14 2016 EVENTS/ UPCOMING MEETINGS

○ **2016 Meeting Dates**

○ **September 13, November 08 2016.**

○ **Sub Committee meetings will be at separate times and dates TBA.** *If you are interested in joining a subcommittee please contact: LakelandRSC@gmail.com .*

3.15 Adjournment – 12:07pm

CVSA's 2016 International Roadcheck Three-Day Enforcement Campaign to Take Place June 7-9 with Special Emphasis on Tire Safety

Greenbelt, Maryland (April 7, 2016) – The Commercial Vehicle Safety Alliance's (CVSA) 29th annual International Roadcheck will take place June 7-9, 2016. International Roadcheck is a 72-hour period when approximately 10,000 CVSA-certified local, state, provincial, territorial and federal inspectors in jurisdictions across North America perform large truck and bus safety inspections.

International Roadcheck is the largest targeted enforcement program on commercial motor vehicles in the world, with nearly 17 trucks or buses inspected, on average, every minute in Canada, the United States and Mexico during a 72-hour period. During the annual three-day event, CVSA-certified inspectors conduct compliance, enforcement and educational initiatives targeted at various elements of motor carrier, vehicle and driver safety.

Each year, International Roadcheck places special emphasis on a category of violations. The special emphasis for 2016 International Roadcheck is tire safety (i.e., measuring the tire tread depth, checking the tire pressure, checking to make sure no items are lodged between dual tires, and examining the overall condition of the tire to ensure no deep cuts or bulges exist in the sidewalls of the tire). While checking a vehicle's tires is always part of roadside inspections, CVSA is highlighting tire safety as a reminder to drivers and carriers.

During International Roadcheck, inspectors primarily conduct the [North American Standard Level I Inspection](#), which is the most thorough roadside inspection. It is a 37-step procedure that includes an examination of both the driver and vehicle. Drivers are required to provide items such as their license, endorsements, medical card and hours-of-service documentation, and may be checked for seat belt usage and the use of alcohol and/or drugs. The vehicle inspection includes checking items such as the braking system, securement of cargo, coupling devices, exhaust system, frame, fuel system, lights, steering mechanism, driveline/driveshaft, suspension, tires, van and open-top trailer bodies, wheels and rims, windshield wipers, and emergency exits on buses.

International Roadcheck is a CVSA program organized in partnership with the Federal Motor Carrier Safety Administration,

Contact

For more information, contact [Nicole Leandro](#), manager of communications for the Commercial Vehicle Safety Alliance.

Canadian Council of Motor Transport Administrators, Transport Canada and the Secretariat of Communications and Transportation (Mexico).

Since its inception in 1988, roadside inspections conducted during International Roadcheck have numbered more than 1.4 million. International Roadcheck also provides an opportunity to educate industry and the general public about the importance of safe commercial motor vehicle operations and the North American roadside inspection program.

For more information on International Roadcheck and to obtain tire safety educational materials, [visit CVSA's website](#).
