

Regional Safety Committees

The Regional Safety Committees are responsible for promoting safety in the construction industry and advancing the objectives of the SCSA at a regional level. They are active in identifying regional and trade-specific health and safety training needs, as well as developing solutions to safety problems in the construction industry, particularly at a local level. The committees are comprised of representatives from construction and trade associations along with worker members to provide a communication link between member employers and the SCSA's Board of Directors. Enjoy breakfast or lunch as you discuss safety topics and network with other safety professionals in the construction industry!

To attend an RSC meeting near you, please call 1.800.817.2079 or email scsainfo@scsaonline.ca

About the SCSA

The Saskatchewan Construction Safety Association (SCSA) is an industry-funded, membership-based, non-profit organization that provides cost-effective, accessible safety training and advice to employers and employees in the construction industry throughout the province to reduce the human and financial losses associated with injuries. Registered March 22, 1995 the SCSA is, and has been since inception, committed to injury prevention. Serving almost 10,000 member companies, with business offices in both Regina and Saskatoon, the major business units of the association are Advisory Services, Business Development, Corporate Services, Program Services and Training. The mission of the SCSA is Constructing Safety Leadership and the vision is to create the Safest Construction Environment in Canada.
